

Acute Medicine Formulary

Subject to the following terms and conditions the medicine formulary as set out below shall apply:

1. Should a medicine other than the one identified in the formulary be dispensed, any costs in excess of the cost of the relevant medicine identified in the formulary, shall be payable by the Beneficiary at the point of dispensing.
2. The examples below serve as a guide to the prescriber. Other generic products not specifically listed will be reimbursed in full if the price falls within the reference price range for that group.
3. The formulary is subject to regular review. Care Cross reserves the right to update and change the formulary when new information becomes available, prices change or when new medicines are released.
4. While every effort has been made to ensure that products listed are available on the market, it is possible that some products may be discontinued by the manufacturers during the course of the year.
